DELIVERY OF SEEDS

SHIPPING CHARGES

We pay transportation charges in the U. S. A. on all vegetable and flower seeds except Beans, Peas and Sweet Corn. Shipment is made by the most economical method, usually freight. If you specify express where we would ordinarily ship by freight, your order will be sent express collect and the freight rate refunded. (Note: where parcel post is as economical as freight, as on smaller shipments, we ship post-paid.)

Beans, Peas and Sweet Corn are shipped at your expense, except when your seed order amounts to \$20.00 or more, not including Farm Seeds, Accessories, etc. We will then prepay or refund the freight charges.

PLEASE NOTE: All prices here quoted are subject to change without notice and to our stocks being unsold. For prices of seed in quantities less than listed, please refer to our general catalog, issued in January. It also contains more complete descriptions of varieties listed here.
